STANDARD CLOTHING CO. THIESSEN BUILDING. C. C. Goodman, Geo. Arnsperger.

Panama Hats Cleaned at Pensacola Pressing Club, NO. 21 N. PALAFOX STREET.

R. K. WHITE, Watchmaker, Manufacturing Jeweler and Graduate Optician, 10 E. Palafox Street, Pensacola, Fla.

## TERSELY TOLD.

Marshal C. F. Schad returned yesterday morning from New Orleans and Mobile, where he had been for several days on a business visit.

One seven defendants were before Judge Laney in the municipal court yesterday morning for trial. Of this number all were found guilty as charged and fines imposed amounting to \$21.

Bury White, chief clerk in the John White store, who was off on his annual vacation when the tragedy occurred here, resulting in the death of his employer, reached the city last night. He would have reached the city in time for the funeral, but missed connection at Panama, so could not reach here before 7:10 last night.

United States Marshal McGourin, who has been occupying an office on the second floor of the government building for a number of years, is moving into larger and more commodious offices on the third floor. The marshal's office will hereafter be on that floor at the southeast corner, where the marshal will have a private office, and Chief Deputy Wolf will have room enough to transact his business. It will be some weeks, however, before the new furniture and fixtures arrive.

Southern Hotel Arrivals: J. M. Jones, Detroit; A. L. Wells, Chipley; J. J. Wilson, New Orleans; J. M. L. Galt, city; J. C. Blevins, Pittsburg; W. R. Taylor, Pittsburg; J. E. Taylor, Pittsburg; Mr. and Mrs. J. M. McDaniel, Spring; H. S. Smith, New York; C. B. Blackmar, city; H. Blackmar, Nashville; C. J. Murray, Detroit; S. P. Coates, Chattanooga; Mr. Goodhue, Olive, Fla.; W. B. Bell, Mobile.

Defendant Breeze: Dr. Buckner of Pensacola visited our town last week on his way to arranging office hours for consultation one day in each month while he is getting established in Pensacola. He was in Europe all last year on various hospital calls where they have cases by the hundreds daily. After doing general practice daily for nearly six years he has studied in this country and abroad for two years and a half, as a graduate student. T. F. McGowan of Pensacola, was in town the same part of last week.

You'll be surprised at the improvement in the flavor of your desserts when you use Blue Ribbon Lemon or Vanilla Extract. The "Blue Ribbon" is different from all others, and is the purest for Blue Ribbon Lemon and Vanilla. Takes less, gives more.

NOTICE. The "White" store will again open on Saturday morning at 6 o'clock. We shall be glad to welcome all the old patrons of the store. JAS. JADRIEVIC.

Excursion Friday. Don't forget the regular Friday excursion on Tug Monarch. These are beneficial as well as enjoyable.

MURDER HANGED IN NORTH CAROLINA.

By Associated Press. Raleigh, N. C., July 20.—Dan Tcheby, who was convicted of the murder of J. J. Rivenbark, was hanged at Raleigh today. Tcheby protested his innocence to the last, professed religion and joined the Presbyterian church.

## FUNERAL WAS AN IMPRESSIVE ONE

Remains of John White Laid to Rest in Presence of an Immense Gathering.

Beneath a wealth of flowers, wet with the tears of a grief-stricken family and a legion of sorrowing friends, all that was mortal of John White was yesterday laid at rest. The funeral of Pensacola's late citizen, whose tragic death was such a shock to the whole community, held yesterday afternoon from the family residence on East Gregory street, was one of the largest in the memory of Pensacola's oldest citizens.

All business was suspended from 4 to 5:30 o'clock, almost every business house in the city closing its doors between those hours out of respect to the dead merchant, and the grounds about the home where the body lay were thronged with a crowd of people which stretched back into the street and the majority of whom could not get within hearing distance of the funeral ceremonies. The room in which the casket rested was almost filled with flowers whose heavy perfume penetrated the atmosphere on all sides—nature's own tribute to the sorrow and the sadness of the occasion.

The ceremonies were conducted by the Masonic fraternity, of which order the deceased was a member, and the Masons attended the funeral in a body. The interment was made in St. Michael's cemetery and the greater part of the ceremonies were conducted at the grave in accordance with the simple but impressive funeral ritual of the Masonic order. Past Master W. E. Anderson officiating.

When the ceremonies had been concluded the grave was covered with floral tributes from scores of sorrowing friends, who lingered, loath almost to leave the last resting place of him whom they had known and loved in life.

John White was in every sense a man and nothing could have borne better evidence to that fact than the tribute of respect and esteem which friend and neighbor paid him at his burial yesterday.

## CHINESE BOYCOTT TO BEGIN TO-DAY

By Associated Press. Shanghai, July 20.—About fifteen hundred people, including the heads of all the principal guilds and delegates from many provinces, attended a Chinese mass meeting yesterday which arranged to begin the boycott of American goods to-morrow. It was definitely announced that the action taken was not against the American government whose constant kindnesses were fully recognized, but it was pointed out that unless the Chinese showed themselves to be earnest they would produce no effect on the California labor unions.

There is still much doubt as to whether the boycott will really be maintained.

## COUNTERFEITER CAUGHT AT LAST

By Associated Press. Los Angeles, Cal., July 20.—After successfully eluding United States secret service men for over twelve years, J. B. Gregory, alias Harry Leonard, expert counterfeiter and escaped convict, has been captured here and turned over to the United States authorities to serve out an unexpired term of seven years in the federal prison at Detroit, Mich. For eight months past he has been living with his wife in this city.

He had been bold in his operations and had put out a flood of spurious \$1 coins. He deposited cash bail in good money for his appearance in court and then jumped his bail. At that time he was living under the name of Harry Leonard. October 15, 1892, Deputy United States Marshal Darret arrested Gregory in Seattle and he was tried and convicted of counterfeiting and sentenced to a term of seven years in the penitentiary on December 31 of the same year, and he was sent to McNeill's island.

## AMERICAN YACHT WON FIRST RACE FOR CHALLENGE CUP

By Associated Press. Montreal, July 20.—The race to-day for the international challenge cup for small yachts was won by the American yacht Manchester, which finished three minutes ahead of Alexandria, the defender.

## INFORMATION IS WANTED BY JUDGE

Writes a Letter to the Sheriff in Which He Requests Further Particulars.

Sheriff Van Pelt last night received a letter from Judge Francis B. Carter in reply to the letter and telegram he forwarded him Wednesday requesting a special term of the circuit court, in order that Wm. F. Williams might be given a speedy trial on the charge of having murdered John White.

Judge Carter in his letter stated that he desired further information regarding the case before taking any steps. He wished to know the sentiment of the people, and the conditions now existing in Pensacola, especially in regard to the man charged with the murder.

Early in the afternoon the sheriff received a telegram from Judge Carter stating that he had forwarded a letter, and this was received last night.

Sheriff Van Pelt will to-day address a letter to the judge, who is at Marianna, and furnish the information which he desires.

During yesterday numerous petitions were in circulation, all requesting that the judge call a special grand jury and if the latter indicted Williams that a special term of court be held for his trial. These petitions were signed by hundreds, among whom are many prominent citizens, and will be mailed to-night to the judge by those who have been the movers in the affair.

## TRIED TO WRECK TRAIN ON A BET

By Associated Press. Akron, O., July 20.—What is believed to be a deliberate attempt to wreck a northbound passenger train on the Cleveland, Akron and Columbus railway, was discovered just in time to prevent a serious accident at Barberton late last night. James McGraw, of Cleveland, was caught after having thrown a switch. He claimed that he had a bet that he could throw the switch. He was charged with tampering with railroad property. The shifting of the switch was discovered by the police who happened to see the signal light change when the switch was thrown.

## BANK PRESIDENT UNDER ARREST

By Associated Press. Los Angeles, Cal., July 20.—Sheriff White of this county, has arrested T. D. Terry, forty-nine years old, formerly president of the Howard county bank at Nashville, Ark., on a charge of receiving money in an insolvent bank. A reward of \$500 was offered for Terry's capture by the state of Arkansas. He has been a fugitive from justice since 1903 and has been living here with his family for some time.

## WILL DISCUSS COTTON REPORTS

By Associated Press. Washington, July 20.—Secretary Wilson has intimated to President Miller, of the American Cotton Manufacturers' Association that next Monday will be a convenient time to receive a delegation from the association to discuss the necessity of a new cotton acreage report. Secretary Wilson expects to leave August 1 for a tour of the forest reserves and wishes cotton report matters settled before that time.

Brooklyn Artist Honored. Venice, July 20.—William Henry Goodyear, an educator and curator of fine arts at the museum of the Brooklyn Institute, has been elected a member of the committee of the International Artists' congress, which will be held soon.

## REVOLVER WAS PURCHASED JULY 8

Which Was the Day After Constable Bobe and Ed. Dansby Went to Century.

It came to light yesterday that the revolver, which W. F. Williams used with such deadly effect Tuesday afternoon, had been purchased by him on Saturday, July 8, from F. B. Bruce. Williams had carried it with him for exactly ten days before committing the horrible murder.

Williams purchased the revolver the day following the trip of Constable Bobe and Ed. Dansby to Century, where they made the investigation regarding the clothing and shoes. They went to Century on the noon train July 7, returning at 7 o'clock, and when they reached the city about the first person they saw at the depot was Williams, who was in his shirt sleeves. Some comment was made at the time regarding his being at the depot.

The morning following he was accused by Mr. White of having taken goods from the store, and on the same day bought the weapon.

Spent Bullet Found. The spent bullet, which was fired by Williams at either E. W. Elliott or Jas. Nix, was found yesterday. It had lodged in a quantity of clothing to the left of where Elliott was sitting. It passed through eight or ten pairs of trousers, tearing holes in each pair and finally flattened itself in the waistband of one pair.

## TWO PROSPECTORS DIED OF THIRST

By Associated Press. Goldfield, Nev., July 20.—John Mullin, E. M. Titus and Earl Weller, of Telluride, Colo., left Rhyolite on June 20 on a prospecting trip into Death Valley. To-day Mullin was brought to Rhyolite half crazed from the terrible suffering he had undergone. He told how Titus and Weller wandered over the desert, and in fifteen days failed to return. It is believed that they perished. Two horses and nineteen burrows belonging to the party also met their death from thirst.

## AMERICANS SELECTED FOR CHAMPIONSHIP TENNIS MATCH

By Associated Press. London, July 20.—Holecomb Ward and William Larned have been selected for the singles and Ward and Beals Wright for the doubles in the challenge round for the international tennis trophy, play for which will begin at Wimbledon to-morrow.

## ATTEMPT ON LIFE OF RUSSIAN PROCURATOR.

By Associated Press. St. Petersburg, July 20.—Reports of an attempt to shoot Constantine Retrovitch Pobiedonostseff, chief procurator of the holy synod, at the Tsarskoe-Selo station in St. Petersburg, as recounted by the Associated Press last night, have been confirmed. In spite of his greatly advanced age and illness, M. Pobiedonostseff's nerves were unshaken by the attempt on his life. He drove to the holy synod and presided at a meeting, telling none of his colleagues of the occurrence until the session closed. The procurator then drove back to the station alone, and unguarded returned to Tsarskoe-Selo.

## STOESSEL HAS NOT BEEN APPOINTED.

By Associated Press. St. Petersburg, July 20.—The report that Lieut. General Stoessel, who commanded at Port Arthur, had been appointed commander of the Seventh Army corps, is officially denied.

## Frightful Eczema in childhood or old age cured by D. D. D. Prescription

These are two interesting cases

Baby boy quickly healed.

London, N. H., April 22, 1904. D. D. D. Company. Gentlemen:—My baby boy is cured by your remedy. He has suffered from the terrible disease from birth which covered the entire body. He was in such fearful condition we had to tie his hands to keep him from tearing his flesh. All doctors and different advertised remedies had no effect in this case. When we began the use of D. D. D. it made the child look worse, but after a few days it began to subside, and in less than two months treatment the child was entirely cured. M. P. SIMONDS.

An aged man cured.

Findlay, Ohio, April 15, 1904. D. D. D. Company. Gentlemen:—I have doctored with four or five doctors and had eczema in the worst form for thirteen months. I have used eleven bottles of D. D. D. and am now completely cured. My age is sixty-two years. You may see this testimonial at your pleasure. Yours respectfully, H. WALTERS.

Thousands of people suffering from the terrible tortures of these diseases imagine they have some impurity in the blood, when, as a matter of fact, the blood has no more to do with this class of ailments than the eyebrows. Skin diseases are wholly confined to the epidermis or external skin, and between the inner and external skins there are no blood vessels, hence the disease cannot come from the blood. Barrels of blood medicines can have no effect on these skin eruptions, for such medicines cannot reach the seat of the trouble. This class of disease is caused by a germ or parasite which burrows into the external skin, there it lives, thrives and multiplies, and the inflammation they set up causes the awful itching and burning sensation. The D. D. D. Remedy is a liquid preparation applied externally, non-greasy, that penetrates the pores of the skin, destroys the germs or parasites and clears the disease entirely out of the skin, leaving a smooth, soft and healthy covering for the body.

D. D. D. costs but \$1.00 per bottle and is guaranteed to cure any skin disease or money refunded. For sale and guaranteed by

"Write the Medical Department, D. D. D. Company, Chicago, for free consultation and advice."

## Hooton's Pharmacy

DANSBY SHOWED IMPROVEMENT YESTERDAY

Regained Consciousness, But His Condition is Still Considered Critical.

Edward Dansby, who has been lying at St. Anthony's hospital in an unconscious condition, showed some improvement during yesterday. He regained consciousness during the forenoon, and seemed to gain some strength, but whether he will be able to continue this improvement is a question which at present cannot be answered. His condition is very critical, notwithstanding the slight improvement of yesterday, but it is barely possible that he will survive the wound.

When he became conscious yesterday morning it was the first time since Tuesday evening at 7 o'clock, only about an hour after he was shot. The paralysis, which had affected one side of his body, also seemed to be passing away to some extent.

The bullet, which entered the right side of his neck, has not yet been located, although it is known that it took an upward course. The young man may expire at any time during the next forty-eight hours, but the physicians in attendance are doing everything within their power to bring about his recovery.

Jas. White, who is shot through both lungs, did not rest very well during yesterday afternoon. At least he was restless for a short time, but this is attributed to being compelled to lie in one position upon his back for such a length of time. He was restless for a few hours, but soon became quiet and began to sleep. His wound is a very serious one, but the physicians have hopes of his recovery if complications do not arise.

## Poor Instruction.

"Did Jones make much money giving memory lessons?" asked Mr. Dobbs, and his friend explained, says London Modern Society, the reason why Jones' business was not a success.

"No," was the reply. "Most of his students forgot to pay him."

## Honest About It.

"What is the difference between history and fiction?" "Well," answered the unbelieving person, "one great difference is that fiction frankly owns up to being largely untrue."—Washington Star.

## Earnings.

Office Boy—W'y, cert, I want more pay. I'm only getting "four" a week and give my mother all I earn. Proprietor—What do you do with the other three and a half?—Puck.

## Faculty Theory.

Gus de Smythe—Those new boots of yours squeak awfully. Perhaps they're not paid for yet. Johnny—That's all nonsense. If there is anything in that, why don't my coat and vest and my trousers and my hat squeak too?

## MEDICAL BOARD NAMED BY THE GOVERNOR

Seven Prominent Physicians of the State Compose the Board. Dr. Pierpont a Member.

Governor Broward has named the new board of medical examiners of the state, seven in number. This board was created by an act of the last legislature, and abolishes the old district boards, of which there were about seven, and is looked upon as a step in the right direction for the reason that if an applicant fails to pass a satisfactory examination, he will have to wait a specified time before again making application for examination, while under the old system a rejected applicant could go at once before another district board for examination. The new board is composed of prominent physicians of the state. The members are J. Harris Pierpont, Pensacola; Dr. H. L. Palmer, Tallahassee; Dr. A. L. Blacklock, Madison; Dr. J. D. Fernandez, Jacksonville; Dr. R. L. Harris, Orlando; Dr. J. H. Hogges, Gainesville; Dr. J. B. Maloney, Key West.

The meetings of the board will be semi-annually, when all parties desiring to practice in the state will be compelled to go before this board and be examined. It is probable that the first meeting of the new board will be held in Jacksonville at an early date, at least an effort is being made to get the members together soon for organization.

## The Gloom.

The "gloom" is by origin akin to gloom. The root idea is to look covertly from beneath the brows not with full open eyes, and so the gloaming is that time of day when the sun, sinking below the horizon, shines obscurely under the advancing shades of night, as eyes may gleam dimly from lowering brows.

Byron, the poet, wrote, "As gloaming, the Scottish word for twilight, has been recommended by many literary men and particularly by Dr. Moore in his letters to Burns, I have ventured to use it on account of its harmony."

The evening star is called the "gloom" star in Scotland, and Lowell's "The snow had begun in the gloaming" and Hogg's "Twixt the gloaming and the morn, when the kye come home," are familiar instances of its use.

## Rice as a Soporific.

"If people would eat plenty of rice they would not need drugs to make them sleep," said a New York drug clerk, pausing for a moment in putting up a sleeping potion for a woman. "There is much said about rice as a strengthening food, but few Americans know that it has soporific powers. If properly cooked it has. Rice should be washed many times until the water no longer appears milky. It should then be soaked a few hours, salted and boiled rapidly about thirty minutes. When cooked in this way it can be eaten each day with relish, and the person who eats it sleeps well and dreams not at all."

## Gaston's Point of View.

"Ze American, ah, he iss a ver funny man. He know nothing but ze dollar. He have no love of beauty or art. He do not comprehend."

"What's on your mind, Gaston?"

"Today I see a beautiful lady, elegant, distingue, magnificent. She is with a man, an American. I go to him. I say, 'Pardon, monsieur, what iss ze lady's name?' The gentleman he say, 'That's my business.' Bah! Beesness, beesness, all de time. He was a rude man."—Cincinnati Commercial Tribune.

## The Value of a Dollar.

There are three ways to learn the value of a dollar. The first is to spend it and see what you get for it. The second is to earn it and see what you give for it. The third is to save it and yearn for all the things it might buy if you were weak enough to spend it.—Troy (Kan.) Chief.

## A Loony Question.

"Pa," began Bobby, "may I ask one more question?" "Um!" replied pa, without looking up from his book.

"Well," said Bobby, "if they had clocks in the moon would they be lunatics?"—Life.

We are never so ridiculous because of the qualities we have as because of those we affect to have.—Rochefoucauld.

## KILL THE DANDRUFF GERM

Or Your Hair Will Fall Out Till You Become Bald.

Modern science has discovered that dandruff is caused by a germ that digs up the scalp in scales, as it burrows down to the roots of the hair, where it destroys the hair's vitality, causing falling hair, and ultimately, baldness. After Prof. Unna, of Hamburg, Germany, discovered the dandruff germ, all efforts to find a remedy failed until the great laboratory discovery was made, which resulted in Newbro's Herpicide. It alone of all other hair preparations kills the dandruff germ. Without dandruff, hair grows luxuriantly. "Destroy the cause, you remove the effect." Sold by leading druggists. For sale by W. A. D'Alembert, druggist and apothecary, 121 S. Palafox. Send 10 cents in stamps for sample to The Herpicide Company, Detroit, Mich.

## TWO OPEN LETTERS

IMPORTANT TO MARRIED WOMEN

Mrs. Mary Dimmick of Washington tells How Lydia E. Pinkham's Vegetable Compound Made Her Well.

It is with great pleasure we publish the following letters, as they convincingly prove the claim we have so many times made in our columns that Mrs.

Pinkham, of Lynn, Mass., is fully qualified to give helpful advice to sick women! Read Mrs. Dimmick's letters.

Her first letter:

Dear Mrs. Pinkham:— "I have been a sufferer for the past eight years with a trouble which first originated from painful menstruation—the pains were excruciating, with inflammation and ulceration of the womb. The doctor says I must have an operation or I cannot live. I do not want to submit to an operation if I can possibly avoid it. Please help me."—Mrs. Mary Dimmick, Washington, D. C.

Her second letter:

"You will remember my condition when I last wrote you, and that the doctor said I must have an operation or I could not live. I received your kind letter and followed your advice very carefully and am now entirely well. As my case was so serious it seems a miracle that I am cured. I know that I owe my health but my life to Lydia E. Pinkham's Vegetable Compound and to your advice. I can walk miles without an ache or a pain, and I wish every suffering woman would read this letter and realize what you can do for them."—Mrs. Mary Dimmick, 50th and East Capitol Streets, Washington, D. C.

How easy it was for Mrs. Dimmick to write to Mrs. Pinkham at Lynn, Mass., and how little it cost her—a two-cent stamp. Yet how valuable was the reply! As Mrs. Dimmick says—it saved her life. Mrs. Pinkham has on file thousands of just such letters as the above, and offers ailing women helpful advice.
